

Mi - PACA

*Michigan's Political Action
Committee for Animals*

October 15, 2015

Dear Mr. Massey,

Across America and in every corner of Michigan, people are advocating for changes in how we treat our wildlife, our livestock and our pets, especially those that find themselves homeless, discriminated against or threatened to the point of possible extinction. Those elected officials who respond to these calls for change from Michigan's citizens and animal advocates deserve our ongoing respect and our support.

That's why we're proudly writing to tell you that your humane stance has earned you the endorsement of Mi-PACA, Michigan's only statewide political action committee for animal welfare. Because you've shown that you care about the issues that affect Farmington Hills' animals and are willing to act on them, you can look forward to our helping you spread the word about your good works.

We believe that, by working together on the welfare of Farmington Hills' pets, wildlife and farm animals, listening to each other's ideas and keeping our lines of communication open, we can continue to create meaningful, lasting change.

Mi-PACA encourages you to use our endorsement of your candidacy in your campaign literature, media ads and any other outreach materials you and your staff create. If you need a camera-ready copy of the Mi-PACA logo, we'll be happy to provide one at your request.

We look forward to many fruitful years of collaboration to improve the welfare of those who can't speak for themselves. Thank you for standing up for the voiceless in your community.

Sincerely,
Mi-PACA Board of Trustees

Michigan's Political Action Committee for Animals
